**AMERICAN GIRL MAY BE "FIRST LADY"**

France is just now in the midst of a national election, but because the president of that republic is largely a figurehead, little international interest is manifested. One of the candidates is M. Alexander Ribot. His wife was formerly a Chicago girl, Miss Mary Burch. Should his campaign be successful an American girl will become the "First Lady of France."

### MANAGES HUSBAND'S BUSINESS OFFICE

Mrs. William E. Humphries.

Mrs. William E. Humphries, wife of the congressman from the state of Washington, has the record of being the eldest assistant senator in the nation's capital, for she is an expert stenographer as well as being in full sympathy with all the affairs of her husband. While Uncle Sam does not officially recognize her as a part of his law-making body, nevertheless, she is, and there are many who have reason to know that such is the case. She has rare executive ability and it is due to her efforts that her husband's office is one of the best managed in the House of Representatives office building.

### A Community Strong Box

Our safe deposit vault has been aptly called "the community strong box."

Vastly better protection to valuables is afforded by the massive safe deposit vault of the State bank of Rock Island than practically any private individual could afford to have exclusively for his own use.

With a large number of individuals co-operating the safe deposit vault of this bank is made possible—a place of perfect security at moderate cost.

We have a thoroughly burglar and fire-proof vault, where safe deposit boxes can be rented at as low a rate as \$2.50 a year. Surely this is a small price to pay for peace of mind and actual protection of your important papers and other valuables.
